IUBMB lecture by Joseph Heitman

2015-11-09 15:47

We are very happy to announce that the International Union of Biochemistry and Molecular Biology (IUBMB) supports the FEBS course by sponsoring Joseph Heitman as IUBMB lecturer.

Joe will give his IUBMB lecture on "Sex and the evolution of virulence: Lessons from the Vancouver Island Cryptococcus gattii outbreak." at the 26nd February.
